DETAILED ACTION

The Amendment, filed on June 8, 2007 has been entered and acknowledged by the Examiner.

Cancellation of claims 2,3 has been entered.

Applicant's arguments filed June 8, 2007 have been fully considered and are persuasive. The rejection of the application has been withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Carol Druzbeck on August 27, 2007.

The application has been amended as follows:

In the Claims

In claim 1, last three lines have been replaced with the following text:

----- an auxiliary electrode formed on the address electrode in a portion where each of the scan electrode and the sustain electrode intersects the address electrode and extended in a direction parallel to the scan electrode and the sustain electrode at the intersecting portion -----

Claims 9 and 10 have been cancelled.

Allowable Subject Matter

Claims 1, 4-8, 11 and 12 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the plasma display panel including the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of an auxiliary electrode formed on the address electrode in a portion where each of the scan electrode and the sustain electrode intersects the address electrode and extended in a direction parallel to the scan electrode and the sustain electrode at the intersecting portion.

Claims 4-8, 11 and 12 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
